The Year. \$1.50 ISSUED EVERY THURSDAY The Copy, 5 cents

Devoted to the interests of Carmel-by-the-Sea, Pebble Beach, Carmel Highlands, Carmel Valley

JULY 4, 1918

CARMEL-BY-THE-SEA, CAL.

VOL. IV, NUM. 22

All Americans Can Serve

Every man, woman and child in this country, who wants to serve the country, can serve it and serve it in a very simple and effective way, says Secretary McAdoo.

That service is to lend your money to the government. Every 25 cents loaned to the government is a help at this time and practically every man, woman and child, by making some trifling sacrifice, some denial of a pleasure, or giving up some indulgence, can render the government that support.

One Good Term Deserves Another

With his family, District Attorney Walter E. Norris was a Carmel visitor last Friday, and while here announced his candidacy for re-election. During his incumbency he has conducted the growing business of the office efficiently and economically. It has only been since Mr. Norris became District Attorney that the Peninsula has had a resident assistant district attorney, thereby saving money for the county and for individuals. To date there has been no announcement of opposition to Norris' candidacy, and no doubt he will receive in Carmel the same generous support as was accorded him in the 1914 primary election.

Pine Needles

Announcement is made that the Bishop of California, Rev. William Ford Nichols, will make his annual visitation in Carmel on Sunday, July 21. There will be a holy communion service and sermon at All Saints.

Thanks to the Carmel Sanitary Board, our streets and vacant lots present a clean and tidy appearance at a time when the town is crowded with visitors.

Mrs. Whittlesey, a former resident here, now making her home at Richmond, has been occupying her San Carlos avenue house for a fortnight.

The Webster family are here from Fresno for their annual visit. They will be here for several weeks. They always come in time for the summer plays.

The Stevens house is occupied by Mrs. McGillicuddy and her daughter Valentine. They arrived from Berkeley last week.

It is reported that one of the best crops in the Carmel Valley is that which will be gathered on the Payne orchard, and Wade Stewart is not far behind.

Mrs. Vernon L. Kellogg and Jean came down from Palo Alto last week for a brief visit. They have been East.

Mrs. Burns Macdonald and her family, who have spent many summers in Carmel, are again here. Miss Flora is in "Alice in Wonderland."

The Fall and Winter term of the local public school opens on August 5. There will be no change in the teaching force.

INSURANCE

Mrs. M. J. Berry and Miss Ruth Berry of Oakland will be in Carmel during the entire month. They are in the O. K. cottage.

An index of the large number of visitors in town is afforded by the fact that not a postoffice box can be rented.

Through the initiative and enterprise of C. W. Bower, trips to Palo Colorado and to the Big Sur country are becoming quite popular. Formerly these journeys were few and far between.

Carmel's quota for last week's Thrift Stamp drive was \$11,000. Did we do it? Sure! We went "over the top" by \$500. Manager Fred Leidig and his hard-working corps of assistants are to be highly commended.

Carmel Highlands as well as Carmel-by-the-Sea is taxed almost to the limit to provide quarters for summer sojourners.

The Hopper family left last Saturday for several weeks' sojourn at Laurel Dell, Lake county.

Mrs. C. L. Josselyn is now living in Beverly, Mass. She reports her two boys in France well. Talbert is supervisor of a band of boys who are doing farm work.

Young Floyd Adams is here from Morgan Hill, spending the week with his father, and incidentally, to witness the children's play.

For 10, these many years the five Mosses of Berkeley have vacationed in Carmel, and they are here now. They eat and sleep in the Forsyth cottage. At other times they may usually be found down at the river.

Mrs. Duveneck, who was here last year, arrived on Sunday, to remain some time. Her husband is in France with the American Expeditionary Force.

OFFICIAL FOOD NEWS

Issued by
U. S. Food Administration
for California

Recently when an American was visiting one of the workshops in Belgium where 800 girls were employed to repair the clothing sent by America for the refugees, one of the girls fainted.

After the girl had been revived, the American asked the matron if this was a common occurrence.

"Oh, yes, Monsieur," was the answer. "Over a dozen faint a day always and sometimes many more than that."

The American looked around the room at the drawn, blue-lipped faces. Then it occurred to him to ask the girls what they had had for breakfast. His questions disclosed the fact that nearly all of these girls had had only a cup of Turyoline for their morning meal. This is the only beverage that can be bought in Belgium today and is an unpalatable, murky liquid made of roasted rye.

Compare the breakfast you had this morning with the breakfast of these Belgian girls. Can you sit down again to your wholesome and satisfying morning meal without first assuring yourself that you are doing all in your power to feed those in Europe whose cause is our cause, but whose suffering for this cause is so far beyond our own.

Ask yourself frankly, "What am I doing to help?"

"Using less sugar," you say.

How much less? A few teaspoonsful? Or can you measure your savings in pounds?

"Saving the fats," you answer?

Do you mean by this you are careful not to waste butter, or do you mean you are really conserving and making useful all fats that come into your kitchen in the form of meat trimmings, bacon grease, etc.?

And about Wheat?

Are you only saving the little you can get along without by making your bread with part substitutes, or are you saving all your wheat by using the substitutes entirely?

Be fair to those who are suffering so much for the cause, trusting that you in America will do your utmost for the same cause, even if it does mean the sacrifice of a lump of sugar or a few slices of bread a day.

Be fair to your better self that demands your best efforts in food conservation instead of your least, in order to keep your self-respect.

POLITICAL NOTES

"One of the best auditors in the State," is what Controller John S. Chambers says of A. G. Winckler, who is a candidate for re-election to the office of Auditor of Monterey county.

No one will have the temerity to run against George Schultze for County School Superintendent now that the government has sent him to Camp Lawton, Oklahoma, for several months, to do war work along educational lines.

Registration for the county and state election has been resumed here at the Pine Cone and J. W. Hand offices. Registration for the Primary closes on July 27.

For Justice of the Peace,
Monterey Judicial Township

A Pleasing Play in a Pleasing Way

Tonight's audience at "Pygmalion and Galatea" will embrace a number of "repeaters": we mean that a large number of those who attended last night's performance at the Forest Theatre will attend the second presentation.

Producer John Northern Hilliard and the splendid group of players he has assembled have done wonders with Gilbert's comedy.

In criticizing an "amateur" performance, a newspaper, and especially the local newspaper, is expected to conform to certain restrictions, restrictions that should not, and do not, apply to a strictly professional performance. But, in the case of last night's play, so splendidly was it done, there need be no reservations nor restrictions whatever.

It is no easy matter to take a dramatic work, all the action of which takes place indoors, and to make of it an outdoor garden affair. This very thing Mr. Hilliard has done, however, without in the least taking from the charm of the play; rather, he has added to it.

Every member of the cast displayed talents and an interpretive ability most pleasing to the audience. There are situations in the play in which over-acting might easily transform the comedy into farce; but there was pure comedy throughout; there was not a chance of a laugh in the wrong place.

Not since "Twelfth Night" have the scenic and lighting effects been so pleasing. Daniel W. Willard, Arthur Vachell, George Seideneck and Herbert Heron are to be congratulated on these features.

An important contribution to the evening's entertainment was the satisfying and appropriate music rendered by the Naval Orchestra, conducted by Frederick Preston Search.

Tomorrow and Saturday nights "Alice in Wonderland" will be presented. Those who attended this children's play in 1912 will go again this year, if only to observe the difference in presentation. Folks who witness this production will have a very happy memory.

Trustee Meeting

One of the shortest regular meetings on record was that of the City Trustees on Tuesday night. Only three member of the Board, viz: Trustees Fraser, de Sabla and Taylor, were present, and the meeting was not called to order until 8:15. There were a number of spectators present, however.

Skunks! Whew! A letter from a property owner, calling the attention of the Board to the prevalence of this odorous little animal, was read. Chairman Fraser announced that the matter had been investigated by the Marshal, and that Commissioner of Health and Safety Kibbler would further pursue the matter.

On request of Mrs. A. D. Signor a large tree in the vicinity of La Playa, which is a menace to life, will be removed. Nothing was done concerning the lady's request that street work be done on Camino Real.

Former Trustee G. F. Beardsley appeared before the Board, and presented a petition, bearing the names of 125 property owners and others, requesting that the patrolling activities of the Marshal, embracing twenty-five miles of roadway within the municipality, be in no way curtailed. On behalf of the majority members of the Board, it was stated that there was no disposition to alter the present duties of the Marshal.

Official Paper of the City

WEEKLY GREETING

Thou shalt at all times be cheerful and express thy firm conviction of allied success in the war, for a sad face and gloomy speech are german propaganda—From Lady Chetwynd's Commandments.

Get It Straight

Some misunderstanding seems to exist on the part of consumers in assuming that with the purchase of wheat flour one must confine the additional 50 per cent. purchase to one of the substitutes. This is not the case. One may select from the entire range of substitutes a sufficient amount of each to bring the total weight of all substitutes equal to the weight of the wheat flour purchased. For instance, if a purchase of 24 pounds of wheat flour is made a range of substitutes may be selected as follows:

Cornmeal, 8 pounds; corn grits, 4 pounds; rice, 4 pounds; buckwheat, 2 pounds; corn starch, 1 pound; hominy, 2 pounds; rolled oats, 3 pounds.

These substitutes may be used in the following manner:

Cornmeal, 8 Pounds.—Corn bread, no flour; corn muffins or spoon bread, one-fourth flour or one-third rice or one-third hominy; 20 per cent. substitutes in whole bread.

Corn Starch, 1 Pound.—Thickening gravy, making custard, one-third substitute in cake.

Corn Grits, 4 Pounds.—Fried like mush, used with meat in making corn bread.

Rollod Oats, 3 Pounds.—One-fourth to one-third substitutes in bread, one-half substitute in muffins; breakfast porridge, use freely; oatmeal cookies, oatmeal soup.

Buckwheat Flour, 2 Pounds.—One-fourth substitute in bread, buckwheat cakes.

Hominy, 2 Pounds.—Boiled for dinner, baked for dinner, with cheese sauce.

Rice, 4 Pounds.—One-fourth substitute in wheat bread, one-third substitute in corn bread, boiled for dinner (bread cut), as a breakfast food, to thicken soups, rice pudding instead of cake or pie, rice batter cakes.

Several grocers have stated that their customers who strictly observe the 11 wheatless meals each week find it necessary to buy substitutes in addition to those ordered under the 50 plan.

Stamp Drive Chairman is Appreciative

Carmel pledges \$1000 in excess of quota in War Savings Stamp drive. Carmel did what we expected it would do. We had a 100 per cent war record to maintain, and the record still stands.

This has been one of the most difficult of all campaigns undertaken since the declaration of war, and the most trying part was during the first few days, when people had to be educated in the war saving stamp idea.

Too much credit cannot be given to the able work done by the women of our city. The persistent and untiring work of Miss Helen Parkes, Mrs. T. C. Warren, Mrs. E. C. Pudan, Mrs. H. M. Bremner, Miss Margaret Clark, and Robert G. Leidig is what brought about the splendid result.

Special credit must be given the publisher of the Pine Cone, who gave space and time to the cause.

I want to thank every individual and business place that helped Carmel subscribe its quota.

The spirit exhibited in this campaign from the start assured me that Carmel would fulfill its obligation to the Government.

FRED LEIDIG,

Chairman W.S.S. Committee

Death of Percy Chester

With the death of Percy Chester, who passed away here last Friday, the career of a young man of unusual qualities was terminated.

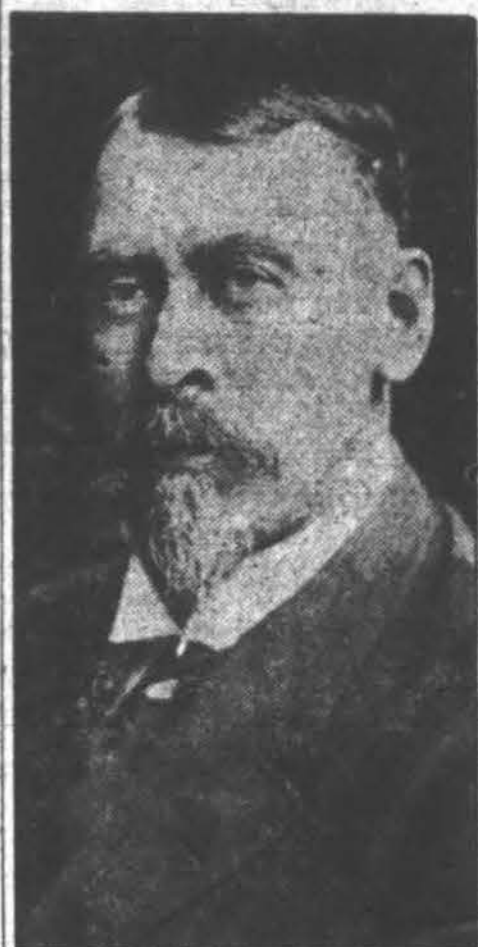

When the war broke out in 1914, England, his motherland, called him to the colors. Being in poor health at the time, he was not sent to the battle front, but performed his duty in London. The terrifying spectacle of Zeppelin and aeroplane raids worked havoc with his already overstrained body. He was completely overcome, his nerves shattered by the scenes he had witnessed. Seeking health and quiet, he came to Carmel, where he resided with his aunt, Mrs. S. Spadoni.

Those who met Percy Chester were attracted by his kindness and his patience in spite of intense suffering. With the same heroism with which he met the problems of life, he awaited death.

Red Cross Notes

The War Council has decided that chapters will not be required to bear any transportation charges on supplies sent to them for making up into relief articles, or on finished articles sent by them to Division Warehouses. All costs of transportation will be borne by the Division. This policy is intended to eliminate unfairness, due to varied distances of different chapters from sources of supply, and to be of substantial aid in financing chapter operations. The elimination of all transportation charges will all chapters to purchase supplies from the Supply Bureau at wholesale prices F.O.B. factory, plus the usual 5 per cent charges for loading, thereby effecting a considerable saving of their chapter funds. It should also assist in controlling purchases of supplies by chapters.

As regarding supplies, the Purchasing Bureau in Washington have made their contracts with factories for the materials in proportion to the requisitions made from Europe. In turn, they will ship to the Divisional Warehouse sufficient materials to cover the allotments made to the Division. The Divisional Warehouse will be able to furnish to the chapters the necessary materials for their quota. To enable the Warehouse to control this, however, it will be necessary for all chapters to discontinue purchases except through or with the consent of the Divisional Warehouse, as otherwise, there could be no control of material, and the Purchasing Department in Washington could not make intelligent contracts with the manufacturers.

The last shipment from Carmel Chapter contained: 3 sweaters, 9 helmets, 22 pairs socks, 70 undershirts, 10 underdrawers, 28 pneumonia jackets.
